16 January 1956

MEMORANDUM FOR: Deputy Chief, Military Personnel Division,
Office of Personnel

STAT

ATTENTION:

SUBJECT: Request for Overseas PC Orders

1. It would be appreciated if you would prepare PC orders on the following individuals:

STAT

2. The request for issuance of PC orders is made in order to allow procurement of a special passport for the above-named personnel, in anticipation of their travel overseas. Such an overseas trip would be on a TDY basis; request for PC orders would only be used for procurement of a passport. TDY orders would have to be issued at a later date when the exact time of departure is known. It is believed necessary and advisable to have ready valid passports on these individuals as the time factor would preclude procurement of special passports at the last moment.

3. We would like to have orders on these individuals as soon as possible in order to have passports in hand by 1 February 1956. Actual location(s) to which the traveller is going, length of trip, baggage allowance, clearance status, as well as the actual date of departure will be reflected in a future order. All orders should designate these individuals as being associated with Headquarters, USAF.

STAT

4. For your information: [redacted] has an invalid passport in his possession. [redacted] have special passports on file in CPE (valid). [redacted] has a regular, valid passport in his possession. [redacted] will submit their passports to CPE for action.
